MARVEL THINKS BIG
Renowned Innovator Offers Industry's First 30-Inch Wide Undercounter Refrigeration

RICHMOND, Ind., June 29, 2005—Bigger is better, and more luxurious, as evidenced by the newer, more generously-sized models from MARVEL. Offering an extensive line of 30-inch undercounter refrigeration models that includes a wine cellar, wine and beverage refrigerator, refrigerated drawer and an undercounter refrigerator/freezer, MARVEL has re-defined style and elegance to provide homeowners the capacity they desire for unparalleled entertaining and luxury living.

With the increasing popularity of undercounter refrigeration products, MARVEL was able to anticipate the demand of consumers and designers alike, and created a line of 30-inch undercounter refrigeration models, while retaining the stunning style and benchmark performance that have made MARVEL products the brand of choice for undercounter refrigeration.

Today, the company boasts four products, spanning various product lines, which all measure a generous 30 inches wide. Each model includes the timeless design and technical innovation which is evident in all of MARVEL's quality products, such as whisper-quiet compressors that are the most powerful in their class, electronic thermostatic temperature control and forced-air ventilation, which allows for true zero-clearance undercounter installation.

The 30-inch wide MARVEL *Refrigerated Drawer* features two glide-out drawers in an impressive 7.7 cubic-foot cabinet. The MARVEL *Chateau Collection 8SWC* and *8SBAR* (the 30-inch wine cellar and beverage and wine refrigerator) feature glide-out shelves faced with genuine select maple, which can be painted or stained to match any surrounding décor. The 30-inch wide MARVEL *8ORF Undercounter Refrigerator/Freezer* offers an astounding eight cubic-feet of storage space. Each 30-inch model adds convenient and spacious refrigeration anywhere in the home.

MARVEL is a leading manufacturer of luxury undercounter refrigeration products, including refrigerated drawers, wine cellars, beverage and wine refrigerators, outdoor refrigerators, ice machines, beer dispensers and more. For complete information about the 30-inch wide models, contact MARVEL, an Aga Company, at (800) 428-6644 or visit www.lifeluxurymarvel.com.
