BREAK OUT THE BUBBLY, WITHOUT BREAKING THE BOTTLES
Marvel Introduces Champagne Rack Inserts for Its Renowned Chateau Collection Models

RICHMOND, Ind., June 29, 2005—Until now, refrigerated wine cellars have been designed to accommodate standard-sized wine bottles, leaving no room for other large or oddly-shaped bottles; or even bottles of champagne. Now, exclusive to MARVEL, the all-new *Champagne Rack Inserts* are available for its top-of-the-line *Chateau Collection* models, making champagne storage easier, and more elegant, than ever. This exciting new accessory makes it easy to store, and show off, prized champagnes because the rack inserts are custom-designed to perfectly complement the style of the *Chateau Collection* models that they grace.

MARVEL *Chateau Collection* models, including the popular 6SWC and 66SWC wine cellars, and the 6SBAR beverage and wine refrigerator, feature glide-out racks—and it's these racks that easily accept the new *Champagne Rack Inserts*. The *Champagne Rack Inserts* are customized to fit into any, or all, of the models' glide-out shelf frames, and are constructed of sleek steel bars, designed to perfectly cradle any shape of champagne bottle. The inserts are finished in high-gloss black, which matches the industry-first ebony interiors of the *Chateau Collection*.

Each *Champagne Rack Insert* can accommodate up to six bottles. The *Champagne Rack Inserts* are available singly, or in sets of six. With six *Champagne Rack Inserts* installed, the *Chateau Collection* 6SWC wine cellar holds an impressive 42 bottles of champagne, including magnums: six in each of the *Champagne Rack Inserts*, and another six in the lowermost cradle. With the innovative *Champagne Rack Inserts*, the *Chateau Collection* provides abundant storage capacity for any celebration.

MARVEL is a leading manufacturer of luxury undercounter refrigeration products, including refrigerated drawers, wine cellars, beverage and wine refrigerators, outdoor refrigerators, ice machines, beer dispensers and more. For complete information about the all-new *Champagne Rack Inserts*, contact MARVEL, an Aga Company, at (800) 428-6644 or visit www.lifeluxurymarvel.com.
